

Mounting head for the video wall mounting system with manual retraction for flat panels from 40 to 60 inch.

The **VWM-MH3** mounting head is one of the best mounting heads for creating serviceable videowalls.

With the dual lock “push to release” mechanism the screen simply pops out of the videowall but also returns in perfect position back in its place. With the multi-axis adjustments this product provides an excellent solution for service and maintenance.

Technical specifications:

- ▲ Dimensions W 560 x D 88 x H 550 mm
- ▲ Wall offset 88-290 mm
- ▲ Nett. weight 12 kg
- ▲ Max. load 50 Kg
